

Anshika Rolya

b23ch1003@iitj.ac.in | +91 7073840077 | Jodhpur, India

EDUCATION

Indian Institute of Technology Jodhpur

2023 – 2027

B.Tech in Chemical Engineering — CGPA: 6.67/10

Jodhpur, India

Jawahar Navodaya Vidyalaya

2022

Class XII (CBSE) – 90.2%

Ajmer, India

Jawahar Navodaya Vidyalaya

2020

Class X (CBSE) – 89.4%

Ajmer, India

COURSEWORK

- Data Structures and Algorithms
- Introduction to Computer Science
- Machine Learning Fundamentals
- Probability, Statistics and Stochastic Processes
- Signals and Systems
- Transport Phenomena
- Mass Transfer I and II
- Chemical Reaction Engineering
- Process Control
- AI Applications

SKILLS

- **Programming Languages:** C, C++, Python
- **Web Development:** HTML, CSS
- **Database & Tools:** MySQL, Git
- **Core Concepts:** OOPs, DSA

PROJECTS

Dictionary Management System

C++

Data Structures Project

- Developed a dictionary system supporting efficient word insertion, deletion, and retrieval operations.
- Implemented file handling and object-oriented programming concepts for persistent data storage.
- Improved understanding of memory management and search optimization techniques.

Area Calculator for 2D Geometries

C Programming

Academic Project

- Built a computational tool to calculate areas of multiple geometric shapes.
- Used modular programming concepts to improve scalability and code readability.
- Implemented coordinate-based calculations for regular and irregular geometries.

Toxicity Prediction for Chemical Compounds

Machine Learning

Course Project

- Developed a predictive model for Drug-Induced Liver Injury (DILI) analysis.
- Applied preprocessing, feature selection, and supervised learning techniques on structured datasets.
- Explored applications of machine learning in chemical safety and risk assessment.

Bitcoin Price Prediction

Python, Machine Learning

group Project

- Explored machine learning techniques for predicting Bitcoin price trends using historical market data.
- Performed data preprocessing and visualization using Python libraries such as Pandas and Matplotlib.
- Implemented basic regression models for trend analysis and prediction.

POSITIONS OF RESPONSIBILITY

- Senior Executive at E-Cell, IIT Jodhpur (2024–25).
- Contributed to organizing entrepreneurship and networking events including **PitchIt** and **Vandre**.

ACHIEVEMENTS

- Qualified JEE Advanced and JEE Main examinations.
- Dakshana Foundation Scholar selected through a national-level competitive examination.
- Qualified Jawahar Navodaya Vidyalaya Selection Test (JNVST).
